

2018

Safety Group Program

Protect Your Bottom Line

REGISTRATIONS NOW BEING ACCEPTED!

Are your WSIB worker claims spiraling out of control?

Would you like to protect your bottom line by reducing your worker compensation costs?

In November 2016, the EAC/CME Safety Group members received a combined rebate of approximately \$8Million.

As one of the founding sponsors of the WSIB Safety Group Program, we want to ensure that your organization is rewarded for incorporating prevention measures into your daily business activities.

In the 2018 WSIB Safety Group Program, your organization will benefit from :

- Networking and sharing best practices
- Keeping your workers safe while enhancing employee morale
- Increasing productivity while improving quality
- Reducing WSIB Claims
- Receiving additional WSIB Rebates
- Enhancing your organization’s rights and obligations as an employer
- Helping to reduce lost time injury frequency and injury severity rates.

Safety Group members may receive a rebate of up to 6% of premiums paid to the WSIB. This is in ADDITION to any other rebates you may get from other programs such as the New Experimental Experience Rating (NEER) Program.

How the Group Rebate Model Works:

GROUP Rebate	Safety Group Achievement Year-end Reports & Spot-Checks	Lost Time Performance	
		Lost time injury Frequency	Lost Time Injury Severity
6% =	4% +	1% +	1%

* Based on group premiums paid

How the Safety Group Program Works:

Program Duration.....January 2018 thru December 2018

Meeting Attendance Requirements.....3 half-day meetings per year and one full-day meeting per year

Meeting Locations.....Member plants will take turn hosting meetings

Program Fee\$850 + HST (Members) or \$1,350 + HST (Non-Member)

2018 Safety Group Program

Protect Your Bottom Line

Benefits of the Safety Group Program:

Top 3 Reasons to Sign-up Today!

- Enhance your knowledge of your rights and obligations as an employer
- Reduction in lost time injury frequency and severity rates
- Additional WSIB Rebate

What Safety Group Participants Say:

"Joining the EAC/CME Safety Group has been very valuable for us. We've gained a lot of knowledge through the sharing, guest speakers and other resources made available. Being a smaller contractor, the rebate of over \$6,600 sure was appreciated too. We'd recommend this Safety Group to any firm who'd like to develop and improve their H&S program."

Mike Firmin, Swift Railroad Contractors

"The EAC Safety Group has helped us to achieve compliance with the Ministry of Labour (MOL) requirements and further strengthen our existing program through exposure to best practices."

Marjorie Skalin, Knoll North America Corp

"When WSIB introduced the pilot Safety Groups Program in 2000, six of our facilities signed up. Over the years, we have valued the benefits from participating in the EAC Safety Group. This year, we signed up 15 of our facilities. The Safety Groups Program has definitely been effective in providing a disciplined framework to implement and continuously improve our safety program initiatives. The guest speakers at meetings and the opportunity to network have been invaluable. My overall experience with the EAC Safety Group has been very good."

Teresa Wong Tooze, Maple Leaf Foods Inc.
